About us

Trimco Tex BD is one of the largest and leading garments accessories manufacturers in Bangladesh since. Our facilities are equipped with the latest state-of-the-art machinery and backed by a dynamic and dedicated team.

Over time, we have successfully centralized our production to ensure improved efficiency, quality, and delivery. Our primary focus remains on the development of customized new products, continuous enhancement of productivity, and exceeding customer expectations.

We strongly believe in building and maintaining long-term relationships with our valued clients. We consistently deliver consignments in accordance with customer requirements and use only the finest raw materials, sourced from globally reputed and certified suppliers including Oeko-Tex, FSC, and GRS certified companies.

Trimco Tex BD is steadily expanding its client base while maintaining its commitment to quality, innovation, and timely delivery. Our company is proud to contribute to the national economy by creating job opportunities for the people of Bangladesh.

OFFSET PRINTING UNIT

We Care About Your Printing

History: It all started in 1875, when Robert Barclay of Germany patented the first rotary offset lithography printing press. Offset printing is a printing technique in which the inked image or text is moved from a plate to a rubber blanket and from there to the paper or another printing surface.
